

Today at our Midweek/Midday Prayer time we will be praying for our immediate community on Kinwest Parkway. The prayer guide has some ways to invite you to pray, and this is designed to provide even more specific ways to pray.

- **Fire Station 12** - for the safety of the first responders, for their expertise in dealing with community needs, for their encouragement to people who are in serious need
- **Las Colinas Elementary** - for their leadership to provide wise decisions in this troubled time for education in Texas, for the educational needs and well-being of the children, for members of HCC who provide mentorship to kids in need there and for the Christian church that meets in their building (Berakah Ministries).
- **IBC** - praise for the relationships we are developing with this church and for their missional outreach to our community
- **Mustang Recreation Center** - praise for this neighbor that provides multi-cultural programs to our community and that we could develop relationships with them through Compassionate Crafters by inviting their members to join us or to offer classes in their facility
- **Washington Pointe Senior Living** - prayer for the physical and spiritual well-being of the people who live there, especially HCC members and friends the Galbraiths, the Odoms, former members Virginia Meler and Marilyn Raymer
- **Las Colinas Counseling** - for our members and friends who are in need of Christian Counseling and for the effectiveness of this in their lives, for the counselors to have wisdom in helping the people who come to them
- **Medical City Hospital Las Colinas and the Doctor offices on Kinwest** - prayer for compassionate, Christian care to people who have health issues. For the wisdom of the doctors, nurses and other caregivers in treating people with illness.
