PLAYGROUND REBUILD FUND

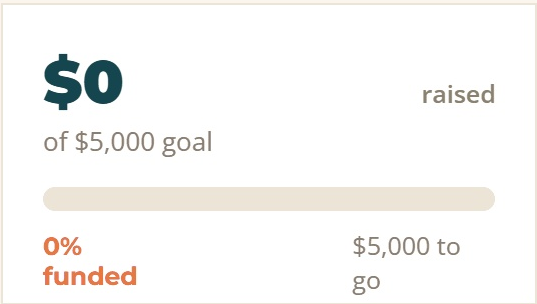

Give the kids of
 Juárez a safe place
 to play again.

The playground at the school we sponsor in Juárez has been wrapped in caution tape for months. Rusted poles, broken seats welded to bald tires, and dirt where soft ground should be — it's no longer safe for a child to climb, swing, or play.

We're raising **\$5,000** to tear it out and build a brand-new playground: safe surfacing, sturdy swings, and a climbing structure built to last. In Juárez, **\$1 goes as far as \$100 does in the U.S.** — your gift is multiplied the moment it crosses the border.

WHAT YOUR GIFT BUILDS

- \$25** Safe play surfacing for one corner of the lot
- \$100** A new swing seat with sturdy chains
- \$500** A full climbing-and-slide structure section
- \$5,000** A brand-new, safe playground for the whole school

epcf.org/arrowoutreach

In loving memory of Mark Mitchell. This playground is dedicated to Mark — a longtime supporter of Arrow Outreach and one of the many volunteers who helped build the original playground.
